Venue Shanghai New International Expo Centre (SNIEC)
[2345 Longyang Road, Pudong New Area, Shanghai, P. R. China]

Co-Located Show  SF CHINA
中国国际表面处理展

SHOW INFORMATION

Since its inception in 1996, CHINACOAT (The China International Exhibition for Coatings, Printing Inks and Adhesives) has been providing an international trading platform for suppliers and manufacturers of the coatings industry to connect with global trade visitors, particularly from China and Asia. The show is held annually and alternates its venue between the cities of Guangzhou and Shanghai, P. R. China. The scale of our last 2017 Shanghai edition reached its historic high, with a total of 34,425 trade visitors from 88 countries/regions, 1,210 exhibitors from 34 countries/regions and a gross exhibition area of over 86,000 square meters.

The 24th edition of CHINACOAT will be staged again at Shanghai New International Expo Centre (SNIEC). Trade visitors from around the world will gather over a period of 3 days, allowing exhibitors to interact directly with current and potential customers to pursue sales and marketing objectives. CHINACOAT also offers exhibitors opportunity to keep abreast of new products and trends, and to find out what competitors are offering in order to formulate growth strategy for your business.

CHINACOAT comprises five exhibit zones to meet different needs of the industry, i.e., 'Powder Coatings Technology', 'UV/EB Technology & Products', 'International Machinery, Instrument & Services', 'China Machinery, Instrument & Services' and 'China & International Raw Materials'.

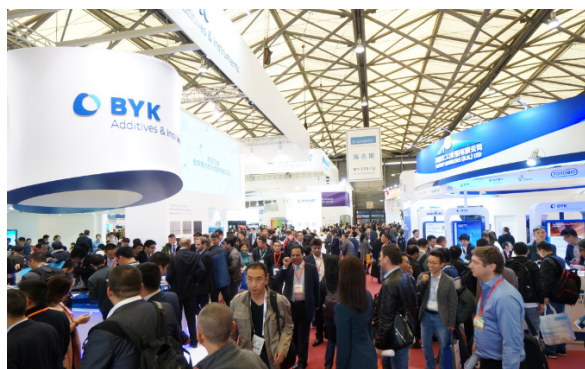

CHINACOAT2019 always serves an express gateway to reach global coatings market. More exhibiting information will be available on our official website www.chinacoat.net. Follow us now.

CHINACOAT2017 REVIEW
